PEER SUPERVISION THE 1ST TUESDAY @ NOON

Peer Supervision is a **free** monthly group for clinicians including therapists, counselors, psychologists, social workers, psychiatrists, pastoral counselors, etc. who enjoy connecting with colleagues. We bring our tough cases, our pet peeves and work them through together. Peer Supervision is an hour(ish)-long brown bag lunch meeting. No registration, just stop by.

Feel free to market a training you are presenting or attending, a group you are starting, an issue you care about—we care too.

We do NOT meet in February each year as Healing Works is closed.

Healing Works seeks to eliminate shame and fear and increase LOVE of self, HP, each others and the Earth.
